BUSINESS LEAGUE BOOSTERS NUMBER THREE.

By Albon L. Holsey. If this particular little article was not already named "Booster Number

Three," I would call it "A Conference I would like to See." You know this thing of getting to gether is "in the air." Talk with men and women of the race and all of them are agreed that what we need is for the race to get together. Race unity, race loyalty and all the other terms applied mean simply that there should be more pulling together among us for permanent progreps along all lines, and I noticed last week half a dozen or more of our leading papers were pulling hard as

usual for us to pull together. Now, we return to that Conference that I would like to see It is this: In each city or town of any size, let there be an occasional conference between housewives of our is every reason, it seems to me, to commend and encourage such local conferences. In the first place, women purchase 85 per cent of the merchandise consumed in homes, which means that colored women have control over a "mighty big" dollars a year.

These good women have said in the past some of our merchants hearty co-operation of the graduates charge higher prices, fail to give of the school. He has prepared a good service, to carry a diversified stock, to keep their stores attractive,

We know that many of our business men are modern in every particular and cannot be classed with slip-shod merchants, but the fact remains that if more of that billion dollars was spent with Negro business men, many more Necro boys and girls would be provided with suitable with them. employment amid wholesome surroundings. So we say that since the Government is helping to regulate prices it places our merchants on the same footing with, other merchants, at least in one more particular, and there is every reason why such local conferences would serve to get our women better acquainted with them. Whoever calls a conference in your city will begin movement of far reaching possibilities. All of which remind me that the progressive Local Negro Busi-League at Savannah, Georgia, has decided to have a Ladies' Aux-That Local League is a model in many respects. (To be continued next week.)

PEARL HIGH SCHOOL NOTES.

The auditorium of the high school was crowded to its full capacity last Friday night by patrons and friends of this popular city institution, who came to witness the drama, "The Trouble at Satterlee's." The public had waited patiently for the presencomedy Louise L. Wilson, and the execution of it by the high school girls was well nigh perfect. Miss Ella Ramsey played the leading role, in which she showed unusual dramatic talent. The Boys and Girls' Glee Club entertained the audience with some special numbers. Miss Iliff the almost sainted French, women Moores and Mrs. H. J. > Talk with Meeting of Middle Tennessee Teachers' Association Postponed.

Notice is hereby given that the neeting of the Middle Tennessee Teachers' Association, which was scheduled to be held in this building March 28th, 29th and 30th, has been postponed. For good and urgent reasons, which have appeared in the daily press, the white teachers have postnoned the meeting of their asso ciation. No holidays therefore will be given by the different Boards of Education in Middle Tennessee for attendance upon this convention. There was nothing left for the colored teachers to do but to declare race and the Negro merchants There the postponement of their meeting.

Hightower T. Kealing, A. M., D. D. LL. D., was born in Austin, Texas, April 1, 1859, and departed this life Feb. 25, 1918, aged 58 years, 10 months, 24 days.

While a youth of fourteen years he was circuit rider with Presiding Fider Haywood, whose district constituted the whole state of Texas, was secretary and recorded the minutes of all the quarterly confer-

Thus he had thoroughly prepared himself for a great career.

Though born a slave, his life achievements prove that a Negro can conjugate Greek verbs, master higher mathematics, and withal be a man among men.

His first work aftr leaving college was to establish Paul Quinn College at Waco, Texas, and then he became vice president of the State Normal School at Prairie View, Texas. From there he became supervising principal of the colored schools of Austin, Texas, and later established and became principal of the Negro High School of the same city. Later he became president of Paul Quinn College at Waco, Texas,

In 1896 the General Conference in session at Wilmington, N. C., elected him editor of the A. M. E. Church credit to himself, the church and the race, most splendidly and acceptably.
